

BUNKER HILL MINING ANNOUNCES PRIVATE PLACEMENT CONVERTIBLE DEBT FINANCING & GRANT OF OPTIONS

TORONTO, ON, June 19, 2018 – **Bunker Hill Mining Corp.** (the “Company” or “Bunker”) (CSE:BNKR) is pleased to announce that it has entered into a loan and warrant agreement with an arms length investor for an unsecured convertible loan in the aggregate sum of US\$1,500,000, bearing interest at 10% per annum, maturing in one year. Contemporaneously, the Company agreed to issue 2,294,835 share purchase warrants, entitling the lender to acquire 2,294,835 common shares of the Company, at a price of C\$0.85 per share, for two years.

Convertible Debt Financing

Under the terms of the loan agreement, the lender may, at any time prior to maturity, convert any or all of the principal amount of the loan and accrued interest thereon, into common shares of Bunker at a price per share equal to \$0.85.

In the event that a notice of conversion would result in the lender holding 10% or more of the Company’s issued and outstanding shares, then, in the alternative, and under certain circumstances, the Company would be required to pay cash to the lender in an amount equal \$0.85 multiplied by the number of shares intended to be issued upon conversion. Further, in the event that the lender holds more than 5% of the issued and outstanding shares of the Company subsequent to the exercise of any of its convertible securities held under this placement, it shall have the right to appoint one director to the board of Bunker. Lastly, among other things, the loan agreement further provides that for as long as any amount is outstanding under the convertible loan, the investor retains a right of first refusal on any Bunker financing or joint venture/strategic partnership/disposal of assets.

The proceeds of the loan shall be used to pay the Company’s upcoming payment obligation to the United States Environmental Protection Agency, and for general working capital.

Grant of Options

The Company has granted senior management and executives incentive stock options to purchase up to an aggregate of 480,000 common shares, exercisable for 5 years at a strike price of C\$0.85.
